Tapco SHOPMAX 2000

The Tapco Shopmax is designed for heavy-duty workshop use. Featuring a unique open-backed construction the Shopmax enables the user to achieve very wide and complex metal shapes.

SHOPMAX Compatible Cut-Off (Optional)

Model Shown: SHOPMAX 2000/1

Also compatible with the Tapco Power Cut-Off

Key Features

- Open backed construction allows wide and complex bends to be achieved
- Adjustable radius of bend
- All-steel construction increases stability for every day workshop use
- Working length is a full 2000 - 3000mm
- Spring and gas cylinder system makes closing and bending easier
- Compact and protective packaging prevents transportation damage
- Optional Cut-Off and Power Cut-Off available

Tapco SHOPMAX 2500
