Tapco SHOPMAX HD 2000

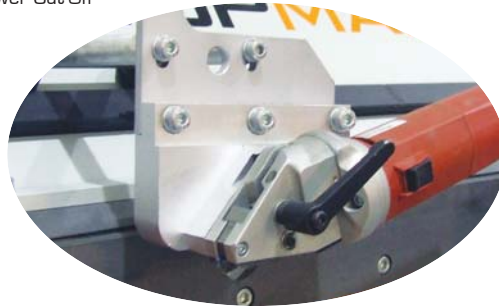

Offering a full **100%** Greater Bending Power

The Tapco Shopmax HD models are designed for ultra-heavy-duty workshop use. Offering all the standard Shopmax features but with **double** the bending capacity.

Model Shown: SHOPMAX 2000 HD/1.2

Also compatible with the Tapco
Power Cut-Off

Key Features

- Open backed construction allows wide and complex bends to be achieved
- Adjustable radius of bend
- All-steel construction increases stability for every day workshop use
- Working length is a full 2000 - 3000mm
- Spring and gas cylinder system makes closing and bending easier
- Compact and protective packaging prevents transportation damage
- Optional Cut-Off and Power Cut-Off available
- 100% greater bending capacity than standard Shopmax models

Tapco **SHOPMAX** HD 3000
